LIVE REPORTS

Decisions backed by data

Complete Hospital, Every Department

Twelve deeply-built modules on one secure cloud platform — reception to pharmacy to finance.

Patient Management

Registration, OPD/IPD admission & discharge, EMR and complete patient history.

Doctor & Clinical

Profiles, schedules, consultations, e-prescriptions and multi-specialty support.

Laboratory & Diagnostics

Test management, sample tracking and digital reporting — Premium auto-fetch.

Pharmacy Management

Drug inventory, expiry/batch tracking, low-stock alerts and e-billing.

Billing & Revenue

OPD, IPD and package billing with GST, advances, concessions and analytics.

Insurance & Claims

Cashless and reimbursement workflows, TPA integration and claim tracking.

Inventory & Purchase

Vendors, stock control, multi-store management and demand forecasting.

HR & Payroll

Staff records, attendance, payroll, performance and role-based access.

Facility & Beds

Wards, beds, equipment, AMC tracking and maintenance schedules.

Reports & Analytics

Real-time dashboards, clinical, financial and MIS intelligence.

Canteen Management

Hospital canteen billing, tokens, stock and sales reports — optional add-on.

Web Portals

Doctor, staff and patient portals on browser — no app installs needed.

PATIENT JOURNEY — ONE SYSTEM. END TO END.

POWERFUL MODULES FOR MODERN HOSPITALS

Everything below runs on one secure cloud platform — web console plus browser-based portals.

 Patient Management	 Doctor & Clinical
 Laboratory	 Pharmacy
 Billing & Revenue	 Insurance & Claims
 Inventory	 HR & Payroll
 Facility & Beds	 Reports & Analytics

Why Hospitals Switch to ELCARE

Paper registers, billing errors and disconnected departments slow every hospital down. ELCARE puts reception, doctors, lab, pharmacy, billing and finance on **one connected system** — shorter queues, cleaner bills, safer care.

- ✓ **Faster OPD** — 30-second registration, scheduled appointments, EMR at the doctor's desk.
- ✓ **Cleaner billing** — GST-ready OPD/IPD/package billing with advances and concessions.
- ✓ **Safer pharmacy & lab** — batch/expiry-tracked dispensing, sample-tracked reporting.
- ✓ **Cashless confidence** — insurance/TPA workflows with claim submission and tracking.
- ✓ **Owners see everything** — revenue, occupancy, pharmacy and lab dashboards daily.

Plans That Grow With You

Start small and upgrade anytime without losing data. Four plans from clinic to chain:

Plan	Best For	Highlights
Base	Small clinics	Paperless OPD + GST billing
Base Plus	Growing practice	Doctors, e-prescription, lab, pharmacy
Pro	Mid-size hospitals	Insurance, HR, finance, beds, analytics
Premium	Multispeciality / chain	Web portals + network control

Plus optional add-ons where you need them: canteen management, digital imaging integration and more. **Talk to our team for a quote sized to your facility.**

Implementation Without the Headache

- ✓ **Live in days, not months** — 7 days for clinics up to 45 days for network hospitals.
- ✓ **Onsite specialist included** — an Elrics expert stays till your staff run it independently.
- ✓ **Day & night developers** — critical issues answered round the clock.

What You Get Every Day

Web Console

All plans. Reception, doctors, lab, pharmacy, billing, admin.

Web Portals

Premium. Doctor, staff & patient portals on browser.

Smart Integrations

Lab instruments, SMS/WhatsApp, hospital website.

Diagnostics

Sample tracking with digital reports; auto-fetch options.

GST-Ready

Compliant OPD/IPD/package billing with summaries.

Stay Connected

Appointment & report reminders by SMS/WhatsApp.

Common Questions, Answered

- ✓ **Will our staff actually learn it?** Yes — onsite specialist + shift-wise training till independence.
- ✓ **Is there a mobile app to install?** No installs — Premium portals run on any browser.
- ✓ **We have two branches. Covered?** Premium covers network control; talk to us for multi-branch.

- ✓ **Can X-ray/MRI reports come digitally?** Yes — options for digital imaging integration.
- ✓ **Is our data safe?** India hosting, role-based access, audit trails, daily backups.
- ✓ **Can we upgrade later?** Anytime — patients, billing and stock carry over.

Your Free Demo Covers

- ✓ **Your OPD flow** — registration to token to consultation, on your counter process.
- ✓ **Your billing** — one real bill with GST, package, advance and concession.
- ✓ **Your questions** — branches, imaging, canteen, TPA — answered with honest scope.
